PROFILE

Final-year EPITECH student currently looking for a **4-month part-time internship (Sept. 2026 – Dec. 2026)** in **web and/or mobile development**, ideally around **Lyon / Clermont-Ferrand** or **remote**.

Curious and passionate about development, I enjoy building projects with equal attention to code quality and user experience. I constantly strive to improve by exploring the latest digital innovations and staying inspired by the world around me.

INTERESTS

Travel & Road Trips • Sports • Design • Hiking • Culture

WORK EXPERIENCE

FULL-STACK DEVELOPER Musée des Confluences • Freelance apr. 2026 – present	Continued my collaboration following my previous internship to further develop and improve an internal web application dedicated to the planning of exhibitions and museum activities.
WEB DEVELOPER & DESIGNER VikL • Freelance sep. 2025 – apr. 2026	Led the complete redesign of the company’s showcase website, from client needs analysis and Figma mockups to full website development, with a strong focus on responsive design, SEO, and user experience.
YOUNG JURY MEMBER Awwwards. jan. 2025 – present	Awwwards, the leading platform in web design, gave me the opportunity to join its jury panel to evaluate outstanding websites worldwide, further strengthening my design skills and critical perspective.
FULL-STACK DEVELOPER Musée des Confluences • Internship apr. 2025 – aug. 2025	Independently developed an internal web application dedicated to exhibition and activity planning for museum teams. The success of the project led to the continuation of the collaboration as a freelance developer.
FULL-STACK DEVELOPER Letmotiv • Internship sep. 2024 – feb. 2025	Developed a page builder and website templates while maintaining both front-end and back-end web projects. Improved application performance through a green coding approach focused on reducing digital footprint and increasing efficiency.
FRONT-END DEVELOPER Sharewood • Internship jul. 2023 – dec. 2023	Developed 8 websites for companies such as L’appart Fitness, Office des Lumières, Éco-fidélité, KLF, Clos & Hameau, ObjectLine, and Europe Qualité. My work also led Sharewood to entrust me with the redesign of their own website.
